

It's All About A(P)ttitude!

Sitting Arrangement Level-2

PGGA

Pankaj Gandhi's Academy

3rd Floor, Above Hotel Woodland, Near Sharda Center, Nal Stop , Pune **Contact No. : 8600972993, 9850424051**

1) Directions(1-3): Study the following information carefully to answer the given questions:

Friends name as Ewrey, Eniyal, Enmark, Enim, Ecosta, Eutch, Eavid and Elnaaz are sitting around a circular table and all are facing towards the center but not necessarily in same order. Each of them represents eight different companies viz. Phillips, Lenovo, Sansui, Apollo, Nikon, Aiwa, Uptron and Tata. Eutch sits second to the right of representative of Aiwa. Representative of Nikon is an immediate neighbour of representative of Tata. Enmark and Ecosta are immediate neighbours of each-other. Neither Enmark nor Ecosta is an immediate neighbour of Eniyal or representative of Tata. Two people sit between representatives of Nikon and Eniyal. Eavid and representative of Uptron are immediate neighbours. Only one person sits between Enmark and representative of Sansui. Elnaaz sits third to the left side of representative of Apollo and is the representative of Tata. Representative of Aiwa sits second to the left of representative of Lenovo. Representative of Phillips sits second to the right of Enim who is not the representative of Nikon. Eniyal is not the representative of Uptron. Enmark sits second to the left of Enim.

1. Who among the following has the laptop of Sansui?

- (a) Enim (b) Eniyal (c) Eavid (d) Enmark
(e) None of these

2. Who among the following sits third to the right of the one who has the laptop of Aiwa?

- (a) Enim (b) Eniyal (c) Eavid (d) Elnaaz
(e) None of these

3. Who among the following sits third to the left of Eavid?

- (a) Enim (b) Eniyal (c) Eavid (d) Elnaaz
(e) None of these

2) Directions(4 -6): Study the following information carefully to answer the given questions:

Eight persons- Saket, Tushar, Uday, Vivek, Walter, Xman, Yami and Zahid are seated in a straight line but necessarily in the same order, some of them are facing south while some of them are facing north. Saket sits fourth to the left of Xman. Xman sits at one of the extreme end of the line. Both the immediate neighbours of Saket face south. Tushar sits second to the left of Zahid. Zahid is not an immediate neighbour of Saket. Neither Zahid nor Uday sits at the extreme end of the line. Both the immediate neighbour of Uday face north. Walter sits to immediate left of Yami. Immediate neighbour of Vivek faces opposite direction(i.e if one neighbour of Vivek faces north then the other faces south and vice-versa. Immediate neighbour of Tushar faces opposite direction(i.e. if one neighbour of Tushar faces north the other faces south and vice versa) People sitting at the extreme ends face the same direction(i.e if one person faces north then the other also faces north and vice-versa)

4. Which of the following pairs represents immediate neighbours of the persons seated at the two extreme ends of the line?

- (a) Uday, Zahid (b) Tushar, Yami (c) Walter, Tushar
(d) Yami, Zahid (e) Saket, Tushar

5. How many persons are seated between Tushar and Xman ?

- (a) Four (b) More than four (c) One (d) Three
(e) Two

6. Who amongst the following sits exactly between Zahid and Tushar?

- (a) Uday (b) Vivek (c) Yami (d) Xman
(e) Walter

3)Directions(7-9): Study the following information carefully to answer the given questions:

Six persons Arrow, Beta, Calendar, Dell , Eva, Fan are sitting around a round table facing towards the centre of the table in a restaurant.

They have ordered for different items (Pizza , Strawberry , Vanilla , Burger , Pastries and Patties) as their lunch.

They are wearing T – shirts of different colours, i.e White, Black,Green,Red,Yellow and Blue.

Order of item for lunch and colours of T-shirts are not necessarily according to the order of theirs names.

The persons who have ordered for Pizza, Vanilla and Pastries are neither in White T-shirt nor in Black.

The persons who are in green and yellow T-shirts have neither ordered for Pizza nor for Vanilla.

Arrow is neither in white T-shirt nor on the immediate left of the person who has ordered for Burger.

The Only person who is between Eva and Fan eats strawberry.The person who is on the left side of the person in white T-shirts does not eat Patties.

Dell has ordered Burger and the colour of his T-shirt is green.He is facing the person who has ordered for Strawberry.

One who has ordered for Pizza is seated opposite to the person wearing Blue T-shirt, While the person whose T-shirt is of Green colour is on the left of the person who has ordered for Pastries.

One who has ordered for Patties is on the immediate right of the person in white T-shirt but on the Immediate left of the person who has ordered for Vanila.

Calendar has not ordered for vanila while Fan has not ordered for Pizza.

7. Who among the following is in white T-shirt?

- (a) Arrow (b) Beta (c) Calender (d) Eva
(e)None of these

8. The only person who is between Eva and Dell is wearing T-shirt of the colour?

- (a) Red (b) Blue (c) Black (d) Yellow
(e)None of these

9. Who among the following has ordered for Pastries?

- (a) Arrow (b) Beta (c) Calender (d) Eva
(e)None of these

4)Directions(10-12): Study the following information carefully to answer the given questions:

Jacklin, Kelvin, Lemon, Maan, Padam, Quora, Rits and Samira are sitting around a circular table facing the centre at equal distances between each other (but not necessarily in the same order). Each one of them is also related to Maanin some way or the other. Only two people sit between Quora and Lemon. Maansits second to the left of Quora. Only three people sit between Lemon and Maan's sister. Maan's son sits second to the right of Maan's sister. Only one person sits between the son of Maanand Samira. Jacklin sits on the immediate right of Rits. Rits is neither the son nor the mother of Maan. Samira is an immediate neighbour of Maan's mother. Maan 's Daughter sits Second to the left of Maan's brother .Only three people sit between Maan's mother and Maan's brother. Maan's father is not an immediate neighbour of Maan. Maan's wife sits third to the right of Kelvin.

10. Who sits second to the right of Rits?

- (a) Maan's brother (b) Maan (c) Rits
(d) Kelvin (e) Maan's daughter

11. How many people sit between Kelvin and Lemon, when counted from the left of Lemon?

- (a) Six (b) One (c) None
(d) Two (e) Four

12. How is Kelvin related to Rits?

- (a) Son-in-law (b) Uncle (c) Niece
(d) Brother (e) Daughter

Pankaj Gandhi's Academy

5)Directions(13-15): Study the following information carefully to answer the given questions:

12 friends Anna, Baby, Cat, Duby, Pat, Queen, Riya, Sam, Wick, Xman, Yuva and Zebra are sitting in a row facing east.

Xman is third to the left of Pat, who is sixth to the right of Anna.

Riya is fourth to the right of Zebra, who is not near Queen.

Baby is fifth to the right end, and Sam is the second left of Duby.

Wick and Queen are not near Pat, who is second to the right of Baby.

There are two friends between Cat and Yuva, who is not near Xman.

13. Who are sitting at the end of the row?

- (a) Zebra and Wick (b) Wick and Queen (c) Queen and Zebra
(d) Can't be determined (e) None of these

14. What is the position of Anna with respect to Sam?

- (a) immediate right (b) third right (c) fourth left
(d) second right (e) fifth left

15. Who is sitting third to the right of Riya?

- (a) Baby (b) Sam (c) Yuva
(d) Baby or Sam (e) Baby or Yuva

6)Directions(16-18): Study the following information carefully to answer the given questions:

Six exams Marathi, Social, Home Science, Economics, English and History are to be scheduled starting from 3rd April and ending on 9th April with Sunday being an off day, not necessarily in the same order. Each of the exam has different time duration: 40 mins, 50 mins, 60 mins, 75 mins, 90 mins and 100 mins, again not necessarily in the same order.

9th April is not Sunday and an exam of 40 mins is scheduled on that day. Marathi exam is for less than 60 mins and is scheduled immediately before English exam. There are two exams scheduled between History exam which is for 100 mins and Home science exam which is for 60 mins. English exam is before Sunday and there are two days between Sunday and Marathi exam. Economics exam which is for 75 mins is not scheduled on 3rd April. The exam schedules on Saturday is of 100 mins. Marathi exam is not scheduled on 3rd April.

16. How many exams are scheduled before Sunday?

- (a) Two (b) One (c) Five
(d) Three (e) None of these

17. What is the time duration of Social exam?

- (a) 90 mins (b) 75 mins (c) 50 mins
(d) 40 mins (e) None of these

18. On which day is Economics exam scheduled?

- (a) Monday (b) Saturday (c) Tuesday
(d) Friday (e) Cannot be determined

7)Directions(19-21): Study the following information carefully to answer the given questions:

There are eight persons David, Evan, Girish, Hitesh, Raju, Sameer, Tanmay, and Uma sitting around a circular table. Some of the persons are not facing the centre. They all like four different types of drinks, viz Sprite, Slice, Limca, and Pepsi given that each drink is liked by two persons.

Note: Same direction means that if one person is facing the centre then the other person also faces the centre and vice-versa. Opposite direction means if one person is facing inside then other person faces outside and vice-versa.

Tanmay sits on the immediate right of Evan, who likes Sprite. Girish sits third to the left of Uma, who likes Pepsi and both are facing the same direction. Girish and Evan are not facing the same direction but Girish is an immediate neighbour of Raju. Raju sits fourth to the left of Tanmay and both are facing opposite directions but like the same soft drink. The persons who like Sprite sit adjacent to each other, but face opposite directions. The persons who like Slice sit opposite to each other. The immediate neighbour of Raju are facing the centre. The person who like Pepsi is an immediate neighbour of the persons who are like Limca. Hitesh and Sameer are immediate neighbours of Uma. Hitesh is not facing the centre and likes Limca. The one who is on the immediate left of Sameer is not facing the centre, Sameer sits second to the right of Girish.

19. Who among the following like pepsi?

- | | | |
|------------------|-------------------|-------------------|
| (a) Raju, Tanmay | (b) Girish, Uma | (c) Sameer, David |
| (d) Hitesh, Uma | (e) None of these | |

20. How many persons are not facing the centre?

- | | | |
|----------|-------------------|-----------|
| (a) One | (b) Two | (c) Three |
| (d) Four | (e) None of these | |

21. Who among the following sits third to the right of Uma?

- | | | |
|-----------------------------|----------------------------|---------------------------|
| (a) Tanmay, who likes Pepsi | (b) Evan, who likes Sprite | (c) Raju, who likes Slice |
| (d) Can't be determined | (e) None of these | |

8)Directions(22-24): Study the following information carefully to answer the given questions:

There is a five story building including the ground floor and each floor has only one flat. All these flats have been occupied by the five Managers. Each manager likes a different pet. The pets are: cat, dog, rabbit, fish and parrot. The five managers Monkey, Pigeon, Elephant, Sea Lion and Tiger are employed in the different companies Alpha, Beta, CG, Deloitte and Elea but not necessarily in the same order. Mr. Monkey works in company Elea and lives on the ground floor. The manager who lives on fourth (top) floor does not like fish or parrot. Mr. Sea Lion works in company Beta and likes fish. The manager who works in company CG and lives on second floor likes cat. Mr. Tiger lives on third floor and likes Rabbit. Mr. Elephant works in company Deloitte.

22. Who among the following does like parrot?

- | | | |
|---------------|-------------------|------------|
| (a) Pigeon | (b) Sea Lion | (c) Monkey |
| (d) Can't say | (e) None of these | |

23. Who lives on the second floor?

- | | | |
|------------|-------------------|--------------|
| (a) Monkey | (b) Tiger | (c) Elephant |
| (d) Pigeon | (e) None of these | |

24. On which floor does Sea Lion live?

- | | | |
|---------------|-------------------|------------|
| (a) First | (b) Second | (c) Fourth |
| (d) Can't say | (e) None of these | |

9)Directions(25-27): Study the following information carefully to answer the given questions:

Seven persons namely Piyush, Quber, Rita, Sakshi, Tanushree, Yusuf, Vivan not in the same order in a organization working as a AM(Assistant Manager), MG(Manager), DGM(Deputy General Manager), GM (General Manager), CGM (Chief General Manager), ED(Executive Director), CEO(Chief Executive Officer). And likes different cities namely Mumbai, Jaipur, Ranchi, Chandigarh, Agra, Patna, Bhopal not in same order.

NOTE: position has been increasing order of their experience.

CEO is most experienced person and Assistant manager least experienced.

Rita is junior to only two persons. Sakshi does not like Ranchi.

Person who likes Chandigarh is junior to Tanushree but not a least junior.

Person who likes Patna is senior to ED.

Person who likes Ranchi senior to Yusuf but junior to Tanushree.

Tanushree is junior to CGM but senior to Vivan.

Yusuf junior to Vivan and likes Agra.

Pankaj Gandhi's Academy

Quber is senior to Tanushree but not a most senior.
CGM does not like Bhopal.
Vivan is junior to Piyush but not to Sakshi.
CGM is senior to one who likes Jaipur

25. Which of the following post is preferred by Tanushree?

- (a) CEO (b) GM (c) AM (d) ED (e) DGM

26. How many person sit between Rita and CEO?

- (a) Three (b) Five (c) Two (d) One (e) None of these

27. ED is going which of the following city?

- (a) Mumbai (b) Agra (c) Ranchi (d) Bhopal (e) Patna

10) Directions(28-30): Study the following information carefully to answer the given questions:

Seven people Abhay, Biba, Clay, Dittu, Elen, Funny, and Gore live on separate floors of a seven floor building. Ground floor is numbered 1, first floor is numbered 2 and so on until the topmost floor is numbered 7. Each one is travelling to different city, viz Delhi, Mumbai, Patna, Chennai, Kolkata, Bengaluru, and Lucknow but not necessarily in the same order. Only three people live above the floor on which Abhay lives. Only one person lives between Abhay and the one travelling to Bengaluru. Funny lives immediately below the one travelling to Mumbai. The one travelling to Mumbai lives on an even-numbered floor. Only three people live between the ones travelling to Bengaluru and Patna. Elen lives immediately above Clay. Elen is not travelling to Patna. Only two people live between Biba and the one travelling to Kolkata. The one travelling to Kolkata lives below the floor on which Biba lives. The one travelling to Delhi does not live immediately above or immediately below Biba. Dittu does not live immediately above or immediately below Abhay. Gore does not travel to Chennai.

28. Who lives immediately above Abhay?

- (a) Biba (b) Clay (c) Dittu (d) Gore (e) Funny

29. Who lives in Bengaluru?

- (a) Elen (b) Funny (c) Abhay (d) Biba (e) Dittu

30. Where does Gore lives?

- (a) Patna (b) Lucknow (c) Chennai (d) Mumbai (e) Delhi

11) Directions(31-33): Study the following information carefully to answer the given questions:

In a family, eight persons Alien, Baston, Clay, Dey, Even, Figo, Giga and Hippo are sitting around a circular table facing the centre but not necessarily in the same order. Their arrangement is as follows. Dey's father is sitting second to the left of his nephew. Baston is the son of Figo, who is second to the right of her son.

Dey is the father of Giga and two persons sits between Giga and Even. Dey's wife is opposite Even.

Even's brother Baston is the immediate neighbour of Clay's son. Baston is the father of Hippo. No male is adjacent to Clay.

Figo is the sister of Clay and Clay is not sitting second to the left of Baston.

31. What is the position of Clay with respect to his daughter-in-law?

- (a) Second to the left (b) Second to the right (c) Immediate left
(d) Immediate right (e) Data inadequate

32.How is Even related to Clay?

- (a) Daughter (b) Niece (c) Son (d) Nephew
(e) Data inadequate

33.How is Even related to Hippo?

- (a) Father (b) Uncle (c) Father-in-law (d) Brother
(e) Data inadequate

12)Directions(34-36): Study the following information carefully to answer the given questions:

There are eight friends Som , Tom , Uom , Vom , Wom , Xom , Yom , and Zom sitting around a circular table facing the centre and playing cards but not necessarily in the same order.

All of them have a favourite card among these eight cards.

Out of these eight cards, four are Kings and four are Queens of spade, club, diamond and heart.

Som like the Queen of spade and is not an immediate neighbour of the one who likes the King of club.

The one who likes the Queen of diamond sits on the immediate left of Tom, who likes the Queen of club.

Uom likes the King of club and sits third to the left of Wom.

The one who likes the king of spade and the one who likes the Queen of diamond are immediate neighbours of each other but both of them are the neighbours neither of Wom nor of Uom.

The one who likes the King of diamond and the one who likes the Queen of spade are immediate neighbours of each other.

Neither Wom nor Vom likes the king of diamond.

Only Xom sits between the one who likes the Queen of diamond and the who likes the Queen of heart, Yom sits third to the left of the person who likes the king of diamond.

34.Who likes the King of spade?

- (a) Xom (b) Yom (c) Zom
(d) Can't be determined (e) None of these

35.Wom likes which of the following cards?

- (a) Queen of spade (b) King of heart (c) Queen of heart
(d) Can't be determined (e) None of these

36.The liker of which of the following sits exactly between Tom and Zom?

- (a) Queen club (b) King of diamond (c) Kings of club
(d) King of spade (e) None of these

13)Directions(37-39): Study the following information carefully to answer the given questions:

Twelve persons are sitting in two parallel rows containing six persons each, in such a way that there is an equal distance between adjacent persons. In row-1, Alka, Belta, Cam, Deny, Eon and Fox are seated (but not necessarily in the same order) and all of them are facing south. In row-2, Pot, Quot, Rits, Sat, Tam and Viva are seated (but not necessarily in the same order) and all of them are facing north. Therefore, in the given seating arrangement each person seated in a row faces another person of the other row.

Alka sits third to the left of Eon. The person facing Alka sits second to the left of Tam. Two persons are sitting between Tam and Pot. Cam and Deny are immediate neighbours. Cam and Deny do not sit at any of the extreme ends of the line. Only one person sits between Belta and Cam. The person facing Deny is an immediate neighbour of Quot. Viva is not an immediate neighbour of Pot. Sat does not face Alka.

37. Who amongst the following faces Deny?

- (a) Tam (b) Pot (c) Quot (d) Sat
(e) None of these

38. Who amongst the following represent the people sitting at extreme ends of the rows?

- (a) Rits, Fox (b) Tam, Alka (c) Deny, Rits (d) Fox, Quot
(e) Sat, Alka

Pankaj Gandhi's Academy

39. How many person is are seated between Rits and Tam?

- (a) One (b) Two (c) Three (d) Four
(e) None

14)Directions(40-42): Study the following information carefully to answer the given questions:

Eight family members AM, BM, CM, DM, EM, FM, GM and HM are sitting in a row facing north, but not necessarily in the same order. Four of them are males. There are three couples in the family. EM is a male and sits second to the right of GM, who is wife of CM. DM sits second to the left of BM, who is female. DM is wife of HM and sits adjacent to her husband. FM is daughter of HM and is not between GM and EM. BM is on the immediate left of GM and second to the left of her father – in – law. AM is brother of HM, who is on the immediate right of AM. EM and FM are siblings.

40. How many female members are there between CM and HM?

- (a) one (b) two (c) three (d) four
(e) None of these

41. Who among the following sits second to the left of GM?

- (a) Son (b) Granddaughter (c) Daughter
(d) Daughter-in-law (e) None of these

42. Who among the following sits at the extreme ends of the row?

- (a) AM and his wife (b) EM and his uncle (c) CM and his daughter
(d) HM and his wife (e) None of these

15)Directions(43-45): Study the following information carefully to answer the given questions:

Physics, Quant, Relation, Social, Waif, X-ray, Yolk, Zebra are sitting around a circle facing centre but not necessarily in the same order. The husband of Zebra is sitting second to the right of Quant who is sitting between two males. Xray sits second to the left of the daughter of Social. X-ray is the sister of Yolk. X-ray is not an immediate neighbour of Zebra's husband. Only one person sits between Physics and X-ray. Physics is the father of Yolk. Social who is brother of Zebra sits to the immediate left of his mother. Only one person sits between Zebra's mother and Waif. Only one person sits between Zebra and Yolk. Yolk is mother of Relation. Yolk is not an immediate neighbour of Waif.

43. What is position of Physics with respect to his mother-in-law?

- (a) Immediate right (b) third to the right (c) third to the left
(d) second to the right (e) None of these

44. How many people sits between Yolk and her uncle?

- (a) One (b) Two (c) Three (d) Four
(e) Five

45. Who amongst the following is Social's daughter?

- (a) Quant (b) Relation (c) Waif (d) Yolk
(e) Zebra

16)Directions(46-48): Study the following information carefully to answer the given questions:

Pratik, Queen, Reena, Sakshi, Tanveer, Umay and Veer are seven teachers. W, X, Y and Z are four coaching institutes. These coaching institutes are operated by the group of seven teachers mentioned above. The institutes open only on Sunday. At least one teacher visit the coaching institutes on each Sunday but no institute is visited by more than two teachers. Each teacher teaches different subjects. Subjects are Hindi, English, Maths, History, Biology, Physics and Sanskrit. The name of the subjects are not necessarily in the same order as the name of the teachers.

Now study some additional clues:

1. Umay, who teaches Sanskrit, visit alone the institute X.

2. The one who teaches maths does not visit the institute W. Also, he never visits with Tanveer or Veer.

Pankaj Gandhi's Academy

3. Sakshi visit the institute Z with the person who teaches physics.
4. Queen visits the institute Y. She does not teach Maths.
5. Reena visits the institute Y. Veer does not teach physics.
6. The one who teaches maths visits the institute with the person who teaches the Hindi.
7. The one who teaches history visits the institute Z.
8. Pratik teaches neither English nor physics. All the persons follow the same routine on every Sunday.

46. Pratik visits which of the following institutes?

- | | | |
|---------------|-------------------|-------|
| (a) Can't say | (b) W | (c) X |
| (d) Y | (e) None of these | |

47. Who among the following teaches History?

- | | | |
|---------------|-------------------|-------------|
| (a) Sakshi | (b) Queen | (c) Tanveer |
| (d) Can't say | (e) None of these | |

48. Which of the following statement is incorrect?

- | | | |
|---------------------------|-------------------------|-----------------------------|
| (a) Reena teaches Maths | (b) Queen teaches Hindi | (c) Tanveer teaches Physics |
| (d) Reena teaches English | (e) None of these | |

17) Directions(49-51): Study the following information carefully to answer the given questions:

Amar, Bal, Chandu, Devi, Emran, Farhan, Gitesh and Hitesh are sitting around a square table in such a way that four of them sit at four corners of the square while four sit in the middle of each of the four sides. The one who sits at the four corners face the centre of the table while those who sit in the middle of the sides faces outside.

Each of them likes a different subject – Mathematics, Hindi, English, Biology, Chemistry, Physics, History and Geography. (None of the information given is necessarily in the same order)

Chandu sits third to the left of the person who likes Geography. The one who likes Geography faces outside. There are only two persons sit between Chandu and Hitesh. Devi sits on the immediate left of the one who likes Physics. Gitesh does not like Physics. Emran likes History. Eman is not immediate neighbour of Amar. The person who likes Hindi is an immediate neighbour of Emran. The person who likes Biology is an immediate neighbour of Farhan. The one who likes Mathematics sits in the immediate right of Hitesh. The one who likes Chemistry sits second to the right of Gitesh. Gitesh is neither an immediate neighbour of Hitesh nor Chandu. Gitesh does not like Geography. There is only one person sits between Amar and the one who likes Chemistry.

49. Who amongst the following sits diagonally opposite the one who likes Mathematics?

- | | | |
|-------------------------------|-------------------------------|----------|
| (a) The one who likes Hindi | (b) Devi | (c) Amar |
| (d) The one who likes English | (e) The one who likes Biology | |

50. Who among the following represent the immediate neighbours of the one who likes Chemistry?

- | | | |
|------------------|--------------------|----------------|
| (a) Bal, Farhan | (b) Chandu, Farhan | (c) Bal, Emran |
| (d) Devi, Farhan | (e) Farhan, Hitesh | |

51. Who among the following sits exactly between Hitesh and Bal?

- | | | |
|-------------------------------|-----------------------------|----------|
| (a) Chandu | (b) The one who likes Hindi | |
| (c) The one who likes English | (d) Gitesh | (e) Amar |

18) Directions(52- 54): Study the following information carefully to answer the given questions:

Five persons G, N, P, M and Z are working in five different companies X, K, L, H and F and they all have different period of work experience i.e. 14, 16, 17, 19 and 20 years that's why they earn different salaries i.e. Rs 10,000, Rs 14,000, Rs 17,000, Rs 20,000 and Rs 24,000 per month. These all information are not necessarily in same order.

Person who has work experience of 19 years, earns highest salary but does not work in X and K companies. Z does not work in H and F companies and he does not have work experience of 20 years. The salary of M is less than Rs 17,000 per month. The person who has work experience of 16 years, earns Rs 20,000 per month. G earns Rs 14000 per month but does not work in K and H companies. N works in X company and earns more than Rs 17,000 per month. Person who has work experience of 17 years works in F Company. The person who has work experience of 20 years, earns at least Rs 17,000 per month.

52. Who works in company K?

- (a) N (b) P (c) M (d) Z
(e) Can't be determined

53. Which of the following combinations is definitely true?

- (a) N – 19 years – X – 22,000 (b) M – 14 years – K – 10,000
(c) G – 14 years – H – 14,000 (d) Z – 19 years – L – 24,000
(e) P – 20 years – K – 17,000

54. In which company does G work?

- (a) F (b) X (c) K (d) H (e) L

19) Directions(55- 57): Study the following information carefully to answer the given questions:

Six friends A, B, C, D, V and U have three types of cycles - Hercules, Trek and Hero and they like three school bag of different colours - Brown, Green and Red. Each of them has a cycle and a bag. Only two of them have the same type of cycles and only two of them like same colour's bag.

A and U do not like Hercules cycle and red colour's bag. C and D do not like Trek cycle and green colour's bag. A and B do not like Trek cycle. B does not like Hero cycle and red colour's bag and C does not like Hercules cycle and red colour's bag. The one who has Trek cycle, does not like brown colour's bag. V and B do not like green colour's bag.

55. Which two friends have red colour's bag?

- (a) A and B (b) B and C (c) D and U
(d) D and V (e) C and V

56. Which two friends have Trek cycles?

- (a) D and U (b) V and U (c) A and C
(d) B and V (e) V and C

57. Who has a brown bag and Hero cycle?

- (a) A (b) B (c) D
(d) C (e) V

20) Directions(58-60): Study the following information carefully to answer the given questions:

There are four counters II, III, IV, and V at the Railway station for Tatkal, Platform, Reservation, and General Tickets, but not necessarily in the same order. Four persons Walt, Xman, Yolk and Zuber are standing on these counters to buy a ticket, but not necessarily in the same order.

Walt does not buy Tatkal or Reserved and he buys neither from counter no. III nor from counter no. IV. Zuber goes to the station to receive a guest. Yolk does not buy ticket from counter no. III. Xman does not buy tatkal ticket. Zuber buys ticket from counter no. V.

58. Which of the following tickets can be bought from counter no. IV?

- (a) Tatkal (b) Platform (c) Reservation
(d) Can't be determined (e) None of these

59. Walt stands at which of the following counters?

- (a) III (b) II (c) IV
(d) Either III or IV (e) None of these

Pankaj Gandhi's Academy

60. Which of the following counter is for Reservation tickets?

- (a) II or III (b) II (c) III
(d) IV (e) None of these

21)Directions(61-63): Study the following information carefully to answer the given questions:

Seven people namely Mohini, Nandini, Ora, Priti, Queen, Rohini and Swati have an anniversary but not necessarily in the same order, in seven different months (of the same year) namely February, March, April, June, September, October and November. Each of them also likes a different flower namely Rose, Jasmine, Lily, Marigold, Daffodil, Sunflower and Orchid but not necessarily in the same order.

Rohini has an anniversary in the month which has more than 30 days. Only one person has an anniversary between Rohini and the one who likes Rose. Both Swati and Ora have an anniversary after the month of one who likes Rose. Swati has an anniversary immediately before Ora. The one who likes Lily has an anniversary in the month which has less than 30 days. Only three people have an anniversary between the one who likes Lily and the one who likes Orchid. Only two people have an anniversary between Swati and the one who likes Marigold. Priti has an anniversary immediately after the one who likes Marigold. Only two people have an anniversary between Priti and Queen. Mohini has an anniversary immediately before the one who likes Jasmine. Ora does not like Sunflower.

61. Which of the following represents the month in which Swati has an anniversary ?

- (a) Cannot be determined (b) October (c) March
(d) April (e) September

62. Which of the following does Ora like ?

- (a) Rose (b) Jasmine (c) Marigold
(d) Daffodil (e) Orchid

63. Which of the following represents the persons who have an anniversary in April and November respectively ?

- (a) Nandini, Ora (b) Queen, Mohini (c) Queen, Ora
(d) Nandini, Mohini (e) Nandini, Swati

22)Directions(64-66): Study the following information carefully to answer the given questions:

Seven persons –Minu, Nilu, Ojas, Pappu, Qusai, Romil and Sassy – live on separate floors of a seven – storied building, not necessarily in the same order. The ground floor of the building numbered 1, the floor above it 2 and so on until the top most floor is numbered 7. Each person like different cartoon characters, viz, Chipmunk, Flintstone, Jetson, Popeye, Scooby Doo, Simpson and Tweety, but not necessarily in the same order.

The person who likes popeye lives on floor numbered 4, Only two persons live between Pappu and the one who likes Popeye. Minu does not live on the lowermost floor. Minu lives on any odd numbered floor below the one who likes popeye. Sassy lives on an even numbered floor but neither immediately above nor immediately below the floor of Minu. Only two person live between Minu and the person who likes tweety. Only one person lives between Nilu and Romil. Romil lives on an even numbered floor and does not like Popeye. Only three persons lives between the person who likes Chipmnuk and jetson respectively. The person who likes Chipmanuk live on any floor above the Nilu's floor. The person who likes chipmanuk does not live on the topmost floor. Ojas does not like Chipmanuk or Jetson. The person who likes Scooby Doo lives on the floor immediately above the floor of the person who likes Simpson.

64. How many persons live between the floors on which Sassy and Pappu live?

- (a) Three (b) Two (c) Four
(d) Five (e) No one

65. Who among the following lives on the floor immediately above the floor of Minu?

- (a) Nilu (b) Romil (c) Sassy
(d) Ojas (e) No one

66. Who among the following lives exactly between the floors on which Sassy and Nilu live?

- (a) Pappu (b) Romil (c) Minu
(d) Qusai (e) No one

23) Directions(67-69): Study the following information carefully to answer the given questions:

There are six neighbours – Mr S, Mr T, Mr D, Mr P, Mr J and Mr A- living in a triple storey building with six flats.

Those who have four or more children occupy the top floor.

The lawyer has a kelvinator fridge while the CA has Godrej.

The ground floor occupants have a cheerful disposition.

Mr T, a cricketer, has three children.

Mr D, an unmarried man, occupies the middle floor.

Mr J and Mr A have gloomy dispositions while the rest are cheerful.

Mr P, a middle floor occupant, owns a Voltas fridge.

One of the neighbours having two children each, owns a Videocon fridge and is a journalist.

Two neighbours, of whom one is a teacher, do not own a fridge.

The teacher does not stay on the top floor. One of them is doctor.

67. Which fridge does Mr. D own?

- (a) Godrej (b) Kelvinator (c) Godrej or Kelvinator
(d) No fridge (e) None of the above

68. What is Mr. P's profession?

- (a) Teacher (b) Lawyer (c) Journalist
(d) CA (e) Doctor

69. Who among the following occupies the top floor?

- (a) Mr. S (b) Mr. J (c) Mr. D
(d) Mr. P (e) None of these

24) Directions(70-72): Study the following information carefully to answer the given questions:

There are eight captains, namely Prem, Quber, Rehan, Samyang, Tanu, Uber, Viber and Whistle, sitting around a circular table, facing the centre but not necessarily in the same order. Each of them is from a different cricket team, viz Australia, South Africa, Bangla-desh, New Zealand, West Indies, Sri Lanka, India and Pakistan.

Rehan and Tanu are immediate neighbours of each other. Neither Rehan nor Tanu is an immediate neighbour of either Quber or the captain of Sri Lanka. The captain of India sits second to right of Samyang, who is the captain. Neither of Sri Lanka nor of West Indies. Uber sits second to the right of the captain of Sri Lanka. The captain of West Indies is an immediate neighbour of the captain of Sri Lanka. Two people sit between the captain of West Indies and Quber. Viber and the captain of New Zealand are immediate neighbours of each other. Quber is not the captain of New Zealand. Only one person sits between Rehan and the captain of Australia. Whistle sits third to the left of the captain of Bangladesh. The captain of South Africa sits second to the left of the captain of Pakistan.

70. Who among the following sit exactly between Quber and the captain of West Indies?

- (a) Prem and the captain of India (b) Rehan and Tanu
(c) Prem and Captain of Sri Lanka (d) Rehan and the captain of New Zealand
(e) Viber and Uber

71. Who among the following is the captain of Australia?

- (a) Rehan (b) Samyang (c) Tanu
(d) Uber (e) Viber

72. Who among the following sits second to the left of the captain of India?

- (a)Samyang (b)Captain of Australia (c)Tanu
(d)Both (a) and (b) (e)Captain of Bangladesh

25)Directions(73-75): Study the following information carefully to answer the given questions:

Seven persons Heera, Lakhan, Akash, Kevin, Gagan, Arnav, and faran work in three different departments Finance, Marketing, Human resource department of a company. Their weekly off day are on the different days of week from Monday to Sunday but not on same day. Not more than three persons work in the same department. Person who works in marketing department, does not have Thursday as off day. Lakhan works with only one person, whose off day is Saturday, but not in human resource department. Person whose off day is Tuesday, works in finance department. Arnav's off day, who works in human resource department, is just before Akash's off day but not on Monday and Saturday. Heera, whose off day is on Friday, works in marketing department. Gagan, who works in human resource department, does not have Sunday as off day. Kelvin works in marketing department but does not have Saturday as off day.

73. In which department does Akash work?

- (a) Finance (b) Marketing (c) Human Resource
(d) Either 'b' or 'c' (e) Can't be determined

74. Which day is Lakhan's off day?

- (a) Monday (b) Tuesday (c) Wednesday
(d) Thursday (e) Friday

75. Which day is Faran's off day?

- (a) Monday (b) Saturday (c) Wednesday
(d) Thursday (e) Friday

26)Directions(76-78): Study the following information carefully to answer the given questions:

Twelve people are seated in two parallel rows containing six people in each in such a way that there is an equal distance between adjacent persons. In row-1 JA, KA, LA, MA, NA and OA are seated (but not necessarily in same order) and all of them are facing south. In row 2- UA, VA, WA, XA, YA, and ZA are seated and all of them facing North. Therefore in given seating arrangement each member is seated in row faces another member of the other row.

MA sits fourth to the left of JA. The one facing JA sits third to the left of YA.

Only one person sits between YA and UA. UA does not sit at any of the extreme ends of the line.

The one facing ZA sits second to the right of KA. ZA does not sit at any of the extreme ends of the line.

Only two persons sit between KA and OA.

The one facing KA sits second to the left of XA.

VA is not an immediate neighbour of ZA. LA is not an immediate neighbour of MA.

76. Who amongst the following is facing NA?

- (a) YA (b) ZA (c) VA (d) XA
(e) WA

77. Which of the following statements is true regarding MA?

- (a) MA faces one of the immediate neighbours of XA (b) KA is one of the immediate neighbours of MA
(c) None of the given statements is true (d) LA sits to the immediate right of MA
(e) Only one person sits between MA and NA

78. Who amongst the following is facing XA?

- (a) KA (b) LA (c) MA (d) JA
(e) NA

27)Directions(79-81): Study the following information carefully to answer the given questions:

Eight persons Arya, Bheem, Cindrella, Dolphin, Elem, Fox, Goff and Hippi are sitting around a circular table. Each of them has a laptop of a different company, viz Dell, Lenovo, HP, Sony, Acer, Apple, Asus and Toshiba but not necessarily in the same order. Four of them are not facing the centre.

The one who has Acer is on the immediate left of Dolphin, who does not have Asus.

Dolphin is the third to the right of Hippi. Goff is fourth to the left of Fox. Neither Goff nor Fox is an immediate neighbour of Dolphin.

Cindrella has HP and sits exactly between Arya and Fox. Cindrella is facing the centre and is to the right of both Arya and Fox.

Elem is third to the left of Arya, who has Toshiba.

Arya sits third to the left of the one who has Acer.

The one who has Lenovo sits second to the left of the one who has Toshiba.

The one who has Dell sits second to the right of Dolphin.

The one who has Apple sits second to the right of the person who has HP.

Bheem does not like Acer. Arya faces the centre.

79. Who among the following has the laptop of Sony?

- (a) Dolphin (b) Fox (c) Hippi (d) Cindrella
(e) None of these

80. Who among the following sits third to the right of the one who has the laptop of Asus?

- (a) Elem (b) Dolphin (c) Fox (d) Arya
(e) None of these

81. Who among the following sits third to the left of Hippi?

- a) Cindrella (b) Bheem (c) Fox (d) Dolphin
(e) None of these

28)Directions(82-84): Study the following information carefully to answer the given questions:

Eight persons — Monika, Naina, Ola, Prem, Qua, Ram, Saina and Tam — are sitting around a circular table at equal distance between each other, but not necessarily in the same order. Some of them are facing the centre while some others are facing outside (i.e., in a direction opposite to the centre) opposite directions means if one person faces the centre then the other person faces outside and vice-versa. Ram is sitting second to the right of Qua. Only three persons are sitting between Ram and Saina. Tam is sitting second to the right of Ram. Tam faces the centre. Ram and Saina face opposite directions. Prem and Saina face opposite directions. Naina is sitting second to the left of Prem. Prem is not an immediate neighbour of Qua. Only one person is sitting between Prem and Ola. Ola is not an immediate neighbour of Qua. Monika is sitting third to the left of Tam. The immediate neighbours of Tam face opposite directions. Monika and Ram face opposite directions. Naina faces the same direction as that of Ola.

82. What is the position of Monika with respect to Ram ?

- (a) Other than those given as options (b) Third to the right
(c) Second to the left (d) Third to the left (e) None of these

83. Who among the following sits exactly between Saina and Qua when counted from the left of Saina ?

- (a) None (b) Ola (c) Monika (d) Naina (e) None of these

84. Four of the following five are alike in a certain way based on the given seating arrangement and hence they form a group. Which is the one that does not belong to that group ?

- (a) Ola (b) Saina (c) Monika (d) Qua (e) None of these

29)Directions(85-87): Study the following information carefully to answer the given questions:

Twelve people are sitting in two parallel rows containing six people each in such a way that there is an equal distance between adjacent persons. In row-1 Manju, Nany, Olive, Pankaj, Qva and Renny are seated (but not necessarily in the same order) and all of them are facing south. In row-2 Abha, Babu, Candy, Dell, Elen and Funny are seated (but not necessarily in the same order) and all of them are facing north. Therefore, in

the given seating arrangement, each member seated in a row faces another member of the other row. Babu faces one who sits third to the right of Qva. Only three people sit between Qva and Nany. Renny is neither an immediate neighbour of Nany nor Qva. One of the immediate neighbours of Renny faces Funny. Only three people sit between Funny and the one who faces Olive. Abha sits second to the left of the one facing Manju. Candy is not an immediate neighbour of Babu. Nany does not face Elen.

85. Who amongst the following faces Manju?

- (a) Abha (b) Dell (c) Babu (d) Funny
(e) None of these

86. Who amongst the following represent the people sitting at extreme ends of the rows?

- (a) Olive, Abha (b) Dell, Renny (c) Pankaj, Elen (d) Candy, Nany
(e) None of these

87. Who amongst the following faces Qva?

- (a) Dell (b) Candy (c) Elen (d) Abha
(e) None of these

30) Directions(88-90): Study the following information carefully to answer the given questions:

Seven friends namely Pan, Qan, Ran, San, Tan, Uan and Van visit seven different cities namely, Berlin, Kabul, Jakarta, Madrid, Chicago, Miami and Sydney, not necessarily in the same order, starting from Monday to Sunday (of the same week.) Qan visits a city on Wednesday. Only one person visits between Qan and the one who visits Madrid. Tan visits immediately after the one who visits Madrid. Only four people visit between Tan and the one who visits Sydney. Only one person visits between the one who visits Sydney and Ran. The one who visits Berlin visits immediately before Ran. The one who visits Chicago visits on one of the days before the one who visits Berlin but not on Wednesday. More than three people visit between the one who visits Chicago and Pan. Only two people visit between San and the one who visits Miami. Only two people visit between the one who visits Miami and the one who visits Jakarta. Van does not visit Berlin.

88. On which of the following days does San visit a city ?

- (a) Sunday (b) Thursday (c) Tuesday (d) Saturday
(e) None of these

89. Who amongst the following visits Kabul?

- (a) Pan (b) Ran (c) San (d) Uan
(e) None of these

90. Which of the following cities does Pan visit ?

- (a) Berlin (b) Jakarta (c) Sydney (d) Madrid
(e) None of these

31) Directions(91-93): Study the following information carefully to answer the given questions:

Eight persons Om, Fabeha, Yogesh, Aadesh, Udeshree, Nancy, Gitesh and Tanishque — are sitting around a square table in such a way that four of them who sit at the corner are facing towards the centre and other four who sit in the middle of each row are facing outside the centre. Each person has different lucky numbers — 11, 12, 13, 14, 15, 16, 17 and 18 but the sequence of persons and lucky numbers are not necessarily in the same order. Aadesh's daughter's lucky number is 11. Only one person is sitting between Om and Nancy. Tanishque's brother Aadesh sits on the immediate left of his mother whose lucky number is 16. Om is the father of Gitesh. Only one person sits between Tanishque's mother and Udeshree. Udeshree sits on the immediate right of the person whose lucky number is 12. No female is an immediate neighbour of Fabeha who sits at the corner of the table.

Aadesh's daughter sits second to the right of Nancy and on the immediate left of that person whose lucky number is 13. Fabeha sits second to the left of Tanishque's husband whose lucky number is neither 14 nor 17. Nancy who is sister of Gitesh and her lucky number is 17 and is not an immediate neighbour of Tanishque's husband. Only one person sits between Tanishque and Gitesh. Gitesh sits second to the right of the person whose lucky number is 13. Gitesh is father of Yogesh and not an immediate neighbour of Udeshree. Yogesh is not married to Tanishque.

91. Who amongst the following is Tanishque's husband?

- (a) Om (b) Aadesh (c) Gitesh (d) Yogesh
(e) Cannot be determined

92. How many people sit between Gitesh and Udeshree when counted in anti-clockwise direction from Gitesh?

- (a) None of these (b) One (c) Three (d) Three
(e) Five

93. Who amongst the following is the child of Om?

- (a) Fabeha (b) Aadesh (c) Nancy (d) Yogesh
(e) Cannot be determined

32) Directions(94-96): Study the following information carefully to answer the given questions:

Eight people AY, BY, CY, DY, EY, FY, GY and HY are sitting around a circular table facing the centre of the table but not necessarily in the same order. Each of them has a different profession like Teacher, Singer, Doctor, Accountant, Lawyer, Banker, Businessman and Actor. Only two people sit between the Actor and HY. AY sits third to the right of the Actor. Doctor and Businessman are immediate neighbours. Neither AY nor HY is either Businessman or a Doctor. The Businessman is not an immediate neighbour of the Actor. The teacher sits second to the left of EY. EY is not an immediate neighbour of HY. The Teacher is an immediate neighbour of both the Accountant and Lawyer. The Lawyer sits third to the right of BY. BY is not Businessman. CY sits on the immediate right of the singer. AY is not a Singer. FY is not an immediate neighbour of AY. GY is not an immediate neighbour of the Teacher.

94. Who among the following sits third to the left of EY?

- (a) Teacher (b) Lawyer (c) Singer (d) Banker
(e) None of these

95. Who among the following is a Banker?

- (a) AY (b) CY (c) HY (d) GY (e) DY

96. What is the profession of BY?

- (a) Teacher (b) Banker (c) Doctor (d) Businessman
(e) None of these

33) Directions(97-99): Study the following information carefully to answer the given questions:

Five persons Abha, Basu, Veeru, Reem and Saksham bought ice creams of different brands viz Amul, Mother Dairy, Kwality, Naturals and London Dairy. From every brand they bought different number of scoops of ice cream ranging from 1 to 5. No two persons got same number of scoops of ice cream of any brand and no person bought the same number of scoops of ice cream of any brand. It is known that Abha bought 3 scoops of Kwality ice-cream and 5 scoops of Amul ice-cream. The person who bought 1 scoop of London Dairy ice cream bought 3 scoops of Mother Dairy ice cream. Saksham bought 4 scoops of Kwality ice-cream and he bought greater number of scoops of Naturals ice-cream than Kwality ice-cream. Veeru bought 3 scoops of Mother Dairy ice cream and Basu bought 3 scoops of Naturals ice-cream. Reem did not buy one scoop of Mother Dairy ice cream. He bought 3 scoops of Amul ice cream and 2 scoops of Kwality ice cream. Veeru did not buy 2 scoops of Amul ice cream and Basu did not buy 4 scoops of Mother Dairy ice cream.

97. How many scoops of Natural ice cream did Abha buy?

- (a) 1 (b) 2 (c) 4 (d) 5
(e) None of these

98. How many scoops of Kwality ice cream did Veeru buy?

- (a) 1 (b) 2 (c) 4 (d) 5
(e) None of these

99. How many scoop of Amul did Saksham Buy?

- (a) 1 (b) 2 (c) 4 (d) 5
(e) None of these

34)Directions(100-102): Study the following information carefully to answer the given questions:

Eight girls Jiy, Mon, Pri, Min, Rad, Kir, Rav and Rin are sitting in a straight line in such a way that only four girls are facing towards south, but not necessarily in the same order, Mon sits fourth to the left of Rad who is not the neighbour of Kir. Pri is second to the right of Rav who does not face towards north, The one who is third to the right of Mon, faces south, Min and Rin are neighbours of each other. Rin is third to the right of Rad, Directions of Pri and Rav are not same, The one who sits between Jiy and Rin, faces north, Rad is not at any end of a line.

100. Which of the following pairs represents immediate neighbours of the persons seated at the two extreme ends of the line?

- (a) Pri, Min (b) Jiy, Mon (c) Rav, Rin
(d) Rad, Mon (e) None of these

101. How many persons are seated between Pri and Min ?

- (a) Four (b) More than four (c) One
(d) Three (e) Two

102. Who amongst the following sits exactly between Kir and Rad ?

- (a) Pri (b) Rav (c) Jiy (d) Rin
(e) Mon

35)Directions(103-105): Study the following information carefully to answer the given questions:

Babu, Clay, Dey, Eatsome, Fagun, Gagan, Himesh and Ikon are sitting in a straight line equidistant from each other (but not necessarily in the same order). Some of them are facing south while some are facing north. Facing the same direction means, if one is facing north then the other is also facing north and vice versa. Facing the opposite directions means if one is facing north then the other is facing south and vice versa. Babu sits third to the left of Dey. Ikon faces north. Dey sits at one of the extreme ends of the line. Eatsome is not an immediate neighbour of Dey. Himesh sits third to the right of Babu. Clay sits on the immediate right of Himesh. Clay does not sit at any of the extreme ends of the line. Only one person sits between Gagan and Eatsome. Himesh sits second to the left of Gagan. Fagun sits second to the right of Clay. Both the immediate neighbours of Himesh face the same direction. Both the immediate neighbours of Babu face the opposite directions. Fagun faces the same direction as Clay. Dey faces the same direction as Ikon.

103. Which of the following pairs represents immediate neighbours of the persons seated at the two extreme ends of the line?

- (a) Fagun, Gagan (b) Himesh, Ikon (c) Babu, Eatsome
(d) Clay, Gagan (e) None of these

104. How many persons are seated between Fagun and Babu ?

- (a) Four (b) More than four (c) One
(d) Three (e) Two

105. Who amongst the following sits exactly between Clay and Babu ?

- (a) Fagun (b) Gagan (c) Eatsome (d) Ikon
(e) Himesh

36)Directions(106-108): Study the following information carefully to answer the given questions:

Eight persons – Aditya, Barclay, Calston, Dey, Eyon, Flintston, Ganeshi and Harpreet belonging to the same family are sitting around a circular table facing the centre but not necessarily in the same order. The following information is given about their seating arrangement.

Barclay's only daughter and Ganeshi's son are sitting adjacent to each other.

Aditya's son-in-law is Barclay who is the father-in-law of Calston.

Barclay's daughter is the sister of Ganeshi's son who sits opposite Dey's wife.

Only one person sits between Barclay's son and Aditya's only daughter.

Flintston is a female whose grand-daughter is Calston's wife. Flintston sits adjacent to her husband who sits opposite Aditya's daughter.
Eyon's sister-in-law sits third to the left of Calston's wife and Calston is not adjacent to any male. Eyon is not immediate neighbour of Aditya's daughter.

106. What is position of Barclay with respect to his mother-in-law?

- (a) Immediate right (b) third to the right (c) third to the left
(d) second to the right (e) None of these

107. How many people sit between Ganeshi and Eyon?

- (a) One (b) Two (c) Three (d) Six
(e) Five

108. Who amongst the following is Ganeshi's daughter?

- (a) Eyon (b) Flinston (c) Harpreet (d) Barclay
(e) None of these

37) Directions(109-111): Study the following information carefully to answer the given questions:

Set Max TV had decided to celebrate sports programmes week by telecasting programmes on B, C, F, H, T and V (not necessarily in the same order) in a week starting from Wednesday.

Sixth day of the programme was holiday.

T was telecast immediately after H and F was telecast on fifth day of the programme.

B was telecast on third day after Saturday and H programme was telecast on fourth day before the holiday.

V was not telecast on first day.

109. On which of the following days V programme was telecast?

- (a) Second day (b) Seventh day (c) Fourth day
(d) Data inadequate (e) None of these

110. Which of the following days would be holiday?

- (a) Sunday (b) Monday (c) Saturday
(d) Tuesday (e) None of these

111. Which of the following programmes was telecast on Wednesday?

- (a) C (b) T (c) H
(d) None of these (e) Data inadequate

38) Directions(112-114): Study the following information carefully to answer the given questions:

Eight friends – Pak, Quwai, Ranchi, Saudi, Tamil, Uman, Villa and Washi are sitting around a circular table not necessarily in the same order. Three of them are facing outside (opposite to the centre) while five are facing the centre. There are equal number of males and females in the group. Ranchi is facing the centre. Tamil is sitting third to the right of Ranchi. Uman is sitting third to the left of Tamil. Three persons are sitting between Uman and Quwai. The immediate neighbours of Quwai are females. Villa is sitting third to the right of Uman. Saudi is sitting third to the right of Pak. Pak is not an immediate neighbour of Tamil. The immediate neighbours of Tamil are males and are facing the centre. The immediate neighbours of Saudi are females and face outside. The one sitting third to the left of Quwai is a male. No female is an immediate neighbour of Villa.

112. What is position of Ranchi with respect to Pak?

- (a) Immediate left (b) third to the right (c) third to the left
(d) second to the right (e) None of these

113. How many people sit between Washi and Villa?

- (a) One (b) Two (c) Three (d) Four
(e) Five

114.What is position of Tamil with respect to Villa?

- (a) Immediate left (b) third to the right (c) third to the left
(d) second to the right (e) None of these

39)Directions(115-117): Study the following information carefully to answer the given questions:

Six friends - Uru, Vyam, Wasim, Xman, Yusuf, Zaheer meet each other after a long time in a cafe and are sitting around a circular table facing towards the centre of the table. They are of different religions - Hindu, Muslim, Sikh, Christian, Jain and Parsi - and are eating different dishes in the cafe – Dosa, Biryani, Paneer Bhurji, Pizza, Pav Bhaji and DhanSaak but not necessarily in the same order. The persons who are Hindu, Sikh and Jain are not eating Dosa or Biryani. The persons who are eating Paneer Bhurji and Pav Bhaji are not Hindu or Sikh. Uru is not eating Dosa and he is not on the immediate left of the person who is a Christian, The only person who is between Yusuf and Zaheer is a Muslim. The person, who is on the left side of the one who is eating Dosa is not a Parsi. Xman is a Christian and he is eating Paneer Bhurji and also he is facing the person who is a Muslim. The person who is a Hindu is seated opposite to the person who is eating Dhan Saak. The person who is eating Paneer Bhurji is on the immediate left of the one who is a Jain The person who is a Parsi is on the immediate right of the person, who eats Dosa but on the immediate left of the person, who is a Sikh. Wasim is not a Sikh and Zaheer is not a Hindu.

115.What is position of Wasim with respect to Zaheer?

- (a) Immediate left (b) third to the right (c) third to the left
(d) second to the right (e) None of these

116. How many people sits between Vyam and Yusuf?

- (a) One (b) Two (c) Three (d) Four
(e) Five

117. What is position of Xman with respect to Zaheer?

- (a) Immediate left (b) third to the right (c) third to the left
(d) second to the right (e) None of these

40)Directions(118-120): Study the following information carefully to answer the given questions:

Each of the eight persons P, K, R, S, T, U, V and Y uses a different brand of lipstick. Each one of them goes to a college among Elite, Imperial and Evergreen. The following information is known about them.

Exactly two persons go to Elite and two study in Imperial.

R uses Lakme and does not study in Imperial.

The person who uses Loreal goes to Imperial.

K and T study in Evergreen and they use Maybelline and Chanel.

The person who uses Dior studies in Imperial and the person who uses Faces studies in Evergreen.

U uses Ingolt and studies in the same college as R.

Neither V nor Y uses Loreal but they study in the same college. S does not use Dior, T does not use Maybelline and V does not use Krylon.

118.Who does use Chanel Lipstick?

- (a) T (b) P (c) K (d) S
(e) None of these

119. Who does use faces Lipstick?

- (a) T (b) P (c) V (d) S
(e) None of these

120. Who does use Ingolt Lipstick?

- (a) T (b) P (c) K (d) U
(e) None of these

41)Directions(121-123): Study the following information carefully to answer the given questions:

First, Second, Third, Fourth, Fifth, Sixth, Seventh and Eighth are eight friends. Two of them like watch and three of them like ring and bracelet each. They all are of different weights, The lightest does not like ring and the heaviest does not like watch. Seventh is lighter than Fourth, but only heavier than First. Eighth likes bracelet with Fourth, and is 4th from the top. Seventh does not like either ring or watch. Second does not like watch. Sixth is heavier than First and Fourth, but lighter than Second and Eighth. Third who does not like ring, is heavier than Second and is the 2nd heaviest.

121.Who does Like Ring?

- (a) First (b) Second (c) Third (d) Fourth
(e) None of these

122.Who does Like Braclet?

- (a) First (b) Second (c) Third (d) Fourth
(e) None of these

123.Who does Like Watch?

- (a) Fifth (b) Second (c) First (d) Fourth
(e) None of these

42)Directions(124-126): Study the following information carefully to answer the given questions:

Seven persons Rita, Sakshi, Varsha, Priyanka, Queen, Tanvi and Umani have a seminar but not necessarily in the same order, on seven different months (of the same year) namely Jan, Feb, Mar, Jun, Aug, Oct, Dec. Each of them also likes a different fruit namely Banana, Grapes, Papaya, Orange, Mango, Litchi Apple but not necessarily in the same order.

Rita has a seminar in a month which has less than 31 days.

Only two persons have a seminar between Rita and Sakshi.

The one who likes Banana has a seminar immediately before Tanvi.

Only one person has a seminar before the one who likes Papaya.

Queen has a seminar immediately after the one who likes Papaya.

Only three persons have a seminar between Queen and the one who likes Mango.

Tanvi likes neither Mango nor Papaya.

Priyanka has a seminar immediately before Tanvi.

Varsha likes Apple.

The one who likes Grapes has a seminar in the month, which has less than 31 days.

The one who has a seminar in Mar does not like Orange.

124.Which of the following represents the month in which Sakshi has a seminar ?

- (a) January (b) Cannot be determined (c) October
(d) December (e) June

125. Which of the following represents the people who have a seminar in January and June respectively ?

- (a) Varsha, Sakshi (b) Umani, Sakshi (c) Queen, Tanvi
(d) Umani, Rita (e) Varsha, Rita

126. How many persons have a seminar between the months in which Varsha and Rita have a seminar ?

- (a) None (b) Three (c) Two (d) One
(e) More than three

43)Directions(127-129): Study the following information carefully to answer the given questions:

In a Seminar eight people P, K, C, B, G, T, R and Z from different cities Begu, Khaga, Mung, Bhagal, Moka, Muzzafar, Pur and Kati not necessarily in same order sitting around a rectangular table. 3 persons are sitting on each longer side and each on the smaller sides. Bis sitting second to the right of the person who is from Kati. G is sitting third to the left of the person who is from Muzzafar. T and R are sitting opposite each other. C is sitting diagonally opposite the person from Pur. K is sitting opposite the person who is from Begu. The person from Bhagal is sitting second to the right of the person from Moka and second to the left of P, who is not sitting near the person who is from Pur. R is sitting on the smaller side and to the right of the person who is from Pur. Persons from Moka and Bhagal are not on the same side of the table. The person from Bhagal is sitting third to the right of the person from Kati, who is not sitting diagonally opposite the person from Khaga. The person from Bhagal is third to the left of C. T sits second to the left of Z. The person from Khaga sits opposite to the person from Moka.

Pankaj Gandhi's Academy

127. Who is sitting third to the right of the person from Muzzafar?

- (a) G (b) Person from Moka (c) P
(d) Person from Pur (e) None of these

128. Who is definitely sitting diagonally opposite to B?

- (a) P (b) C (c) Person from Khaga
(d) Person from Mung (e) Can't be determined

129. From which city does P belong?

- (a) Khaga (b) Begu (c) Moka
(d) Kati (e) Can't be determined

44) Directions(130-132): Study the following information carefully to answer the given questions:

P, Q, R, S, T, V and D are seven friends working in Capgemini. They work in three shifts- 12a.m. to 8p.m., 8a.m. to 4p.m. and 4p.m. to 12a.m. There is at least one and not more than three among them in any of these shifts. Each of them get one day off in every week from Monday to Sunday. Q works with only T in 8a.m. to 4p.m. shift and his weekly off is immediate to the next of the off day of P. S has weekly off on Sunday and she is not in the same shift with either R or Q. P is in 12a.m. to 8p.m. with R whose off day is immediately after Q and immediately before T. V's off day is immediately after T but not on Saturday. The employee having off day on Friday works in 4p.m. to 12a.m. shift and that on a Saturday does not work with T. D does not work either in 8a.m. to 4p.m. shift or 4p.m. to 12a.m. shift.

130. In which shift does V work ?

- (a) 8 a.m. to 4 p.m. (b) 4 p.m. to 12 a.m. (c) 12 a.m. to 8 a.m.
(d) Data inadequate (e) Other than these options

131. On which day of the week does P have off day ?

- (a) Wednesday (b) Thursday (c) Tuesday
(d) Saturday (e) Monday

132. Who among them has off day immediately on the next of V's off day ?

- (a) P (b) Q (c) T
(d) Data inadequate (e) None of these

45) Directions(133-135): Study the following information carefully to answer the given questions:

Mr Namit, Mr Manish, Mr Roshan, Miss Riya, Mr Pankit and Mr Punit from six different companies: Wipro, Infosys, Google, IBM, Forex and Grant Thornton were going to attend a seminar in Delhi. On their way, they met with an accident and were admitted in three different hospitals. At least, two Engineers were admitted in the same hospitals. Each of them is a specialist in different fields

Civil, Chemical, Geotechnical, Aeronautics, Computer Science and Mechanical. Mr Namit was admitted in Fortis hospital and he is from Infosys but he is neither Chemical nor Geotechnical Engineer. Mr Pankit from Wipro and he is a Mechanical engineer. He was not admitted with Mr Roshan. Miss Riya was admitted with the engineer from IBM. One of the engineers who were admitted in Max Healthcare hospital is a Chemical engineer. Mr Manish is not from Google and Grant Thornton and he is an Aeronautics Engineer. One of the engineers who were admitted in Saket City hospital is a Computer Science engineer. Mr Punit neither from Forex nor from Grant Thornton. Geotechnical engineer and Mechanical engineer were not admitted in Fortis hospital. Engineers from Wipro and Google were admitted together. The Aeronautical engineer was admitted in Fortis hospital. The engineer whose field is Mechanical was admitted at Max Healthcare hospital.

133. Who was admitted in Saket City hospital ?

- (a) Namit – Roshan (b) Riya – Punit (c) Roshan – Riya
(d) Pankit – Roshan (e) None of these

134. Who is the Civil Engineer ?

- (a) Rajiv (b) Pankit (c) Manish
(d) Namit (e) None of these

135. Who was admitted with Punit ?

- (a) Namit (b) Roshan (c) Riya
(d) Manish (e) Pankit

46)Directions(136-138): Study the following information carefully to answer the given questions:

Eight women – Heera, leera, Jeera, Keera, Leera, Meera, Neera and Oera – are standing in a straight line at equidistant. Some of them are facing north while others are facing south. Meera is standing third to the right to Heera. Meera is standing at one of the extreme ends. Leera is standing third to the left of Heera. The immediate neighbours of Jeera face north. Neera is not an immediate neighbour of Heera. The persons standing at the extreme ends face the same direction (both are facing either North or South). The immediate neighbours of Heera face just opposite direction as that of Meera. The immediate neighbours of Oera face opposite direction with respect to each other. One of the immediate neighbour of Leera is Keera who is facing north. leera is standing between Jeera and Meera. Not more than four persons are facing north.

136. Who among the following is third to the left of Neera?

- (a) Keera (b) Jeera (c) Heera (d) leera
(e) Oera

137. The immediate neighbours of Leera are ?

- (a) Meera and Neera (b) Neera and Oera (c) Keera and Neera
(d) Neera and Heera (e) Jeera and Heera

138. How many persons are standing exactly between leera and Oera?

- (a) Three (b) Four (c) One
(d) Two (e) None

47)Directions(139-141): Study the following information carefully to answer the given questions:

Four males and females namely Parmeshi, Qureshi, Ragesh, Savdeshi, Tanimesh, Umeshi, Viresh and Wyamnesh are sitting around a square table in such a way that four of them sit at the four corners of the square table while four sit in the middle of each of four sides. The ones who sit at the four corners face the center while those who sit in the middle of the sides face outside. Two females sit in the middle of the sides and two at the corners. Parmeshi sits second to the left of Viresh. Viresh sits on the middle of one of the sides. Ragesh sits fourth to the right of his wife and his wife is not an immediate neighbour of Parmeshi or Viresh. Qureshi sits third to the right of her husband. Qureshi does not sit at any of the corners. Only Savdeshi sits between Qureshi and Wyamnesh. Wyamnesh is the husband of Parmeshi. Both Viresh and Tanimesh are males.

139.How many people sit between Qureshi and Ragesh when counted in anti clockwise direction from Qureshi?

- (a) None of these (b) One (c) Six (d) Three
(e) Five

140. Who amongst the following is the wife of Ragesh?

- (a) Savdeshi (b) Umeshi (c) Qureshi (d) Viresh
(e) Cannot be determined

141. What is the position of Tanimesh with respect to Ragesh?

- (a) Immediately to the left (b) Second to the left (c) Third to the right
(d) Immediately to the right (e) Second to the right

48)Directions(142-144): Study the following information carefully to answer the given questions:

Eight persons Obama, Quora, Plumb, Giga, Satyam, Mega, Wya and Zahir are living in a building. There are eight floors in a building. Each of them is living at each floor. There are one party at the Second floor and one party at the Seventh floor. Four people are going to the party of floor Second and remaining persons are going to the party of floor Seventh. In the party of floor 2, people are playing a game. They all are sitting in circular table and facing towards the center. People of other party are also playing a game and they all are sitting in a square table and facing opposite to the centre. Obama lives at floor 4 and he is not going in the party of floor 7. Quora is the best friend of Obama and is going with him. Plumb and Zahir are not going in a party where Satyam is going. Satyam and Mega live at floors 3 and 1 respectively. In one game Giga is second to the right of Obama and in other game Wya is opposite of Plumb. Regarding floor Quora is not a neighbour of Obama and lives between Zahir and Plumb. Wya lives at 5th floor.

142. If Satyam is an immediate neighbour of Giga then who is third to the right of Satyam?

- (a) Giga (b) Obama (c) Plumb
(d) Cannot be determined (e) None of these

143. Who live at floors 8 and 7 respectively?

- (a) Zahir/Plumb, Wya (b) Mega, Obama (c) Zahir or Plumb, Quora
(d) Satyam, Quora (e) None of these

144. If Plumb is third to the right of Mega in a game then who is second to the right of Plumb?

- (a) Quora (b) Wya (c) Giga
(d) Plumb (e) None of these

49)Directions(145-147): Study the following information carefully to answer the given questions:

Seven persons P, Q, R, S, T, U and V like seven different fruits Apple, Banana, Cherry, Pineapple, Strawberry, Pear and Guava and they went to three hotels among Highway, Palace and ITC. At least two persons went to each hotel and only one person likes each fruit. P likes Apple but did not go to Highway. Q went to ITC and likes Guava. R and S went to the same hotel, but is not ITC. Only one of U and V went to Palace. The person who likes Pear went to Palace. Neither V nor T went to ITC. U does not like either Banana or Strawberry. The person who likes Pineapple did not go to Palace. Either R or T likes Pear. T and U went to the same hotel, but neither of them likes Cherry. Neither T nor S likes Strawberry.

145. Who likes Strawberry?

- (a) W (b) T (c) V
(d) P (e) Data inadequate

146. Which fruit does T like?

- (a) Apple (b) Orange (c) Pear
(d) banana (e) None of these

147. Which fruit does R like?

- (a) Apple (b) Orange (c) Pear
(d) banana (e) None of these

50)Directions(148-150): Study the following information carefully to answer the given questions:

There are eight friends Madhuri, Sundari, Sivani, Komolika, Simrani, Divashri, Mira and Sheetalita are sitting in a circle. Three of them are facing the centre and rest of them facing outside the centre. Everyone uses different kinds of applications in their mobile phones namely Snapchat, Whatsapp, Twitter, Instagram, LINE, Skype, Viber and Facebook. Madhuri is facing the centre and sitting third to the right of Sundari. Sivani is facing the centre and sitting fourth to the left of Komalika. Simrani is facing away from the centre and uses Snapchat. Divashri and Mira are neighbours of Sivani and use Twitter and Whatsapp respectively. Sundari is

facing the centre and uses Instagram. Komalika uses LINE and is sitting immediately to the left of Madhuri. The person sitting to the immediate right of Sundari does not use LINE or Twitter. The person who is sitting third to the right of Madhuri uses Facebook. Simrani uses Snapchat. Only Simrani sits between the persons who use Whatsapp and Skype.

148.What is position of Sundari with respect to Komilika?

- (a) Immediate left (b) third to the right (c) third to the left
(d) second to the right (e) None of these

149. How many people sits between Madhuri and Sivani?

- (a) One (b) Two (c) Three (d) Six
(e) Five

150. What is position of Mira with respect to Divashri?

- (a) Immediate left (b) third to the right (c) third to the left
(d) second to the right (e) None of these

51)Directions(151-153): Study the following information carefully to answer the given questions:

Seven Students Gabriella, Hitech,Icewoman,Jacklit, Kaka, Levis and Manju are travelling on three different vehicles. There are at least two Students in each vehicle — BMW, Mercedes, Lexus and only one of them is a male, There are two gymnasts, two swimmers and three runners among them Further.

Icewoman is a lady swimmer and she does not travel with the pair of sisters Gabriella and Levis.

Hitech a male gymnast, travels with only Manju is a runner in BMW.

Jacklit is a male swimmer.

Two athletes from the same sport do not travel in the same vehicle.

Gabriella is not a gymnast and travels in Mercedes.

151.Who is Swimmer?

- (a)Gabriella (b)Hitech (c)Jacklit
(d)Levis (e)Data inadequate

152.Who is Gymnast?

- (a)Gabriella (b)Hitech (c)Jacklit
(d)Kaka (e)Data inadequate

153.Who is Runner?

- (a)Gabriella (b)Hitech (c)Jacklit
(d)Levis (e)Data inadequate

52)Directions(154-156): Study the following information carefully to answer the given questions:

There are seven students - Kvinay, Kvishal,Kvipul,Kvikas,Kvinamar,Kvaibhav and Kvibhuti in a class. Each of them has liking for a different subject - Economics, Marketing, Physics, Chemistry, Botany, Science and Finance. Each student has different marks (not necessarily in the same order). Kvipul has secured second highest marks and neither Economics nor Marketing is his favourite subject. Kvinamar has secured the least marks and neither Science nor Marketing is his favourite subject. The favouite subject of Kvikas is Physics and he has more marks than Kvishal and Kvibhuti but less than Kvinay, The favourite subject of Kvishal is Botany and his marks are more than the marks of Kvinamar but less than the marks of Kvibhuti. The favour-ite subject of Kvinay is Finance. The student, whose favourite subject is chemistry got the highest marks.

154.Chemistry is the favourite subject of which student?

- (a) KVinay (b) KVipul (c)KVikas
(d) KVaibhav (e) None of these

Pankaj Gandhi's Academy

155. Which is the favourite subject of KVibhuti?

- (a) Marketing (b) Science (c) Either Marketing or Science
(d) Data inadequate (e) None of these

156. Which of the following is the favourite subject of KVinamr?

- (a) Economics (b) Marketing (c) Botany
(d) Chemistry (e) None of these

53)Directions(157-159): Study the following information carefully to answer the given questions:

Students— Shivani, Veeram, Mahimani, Shayani, Pratik, Rahul, Charlu and Pulkani are sitting in three rows as Row 1, Row 2 and Row 3. And they are in three different categories; dancing, singing or both S and D. In each row at least two and at most three contestants are sitting there. And at least two contestants are in each category but not more than three. Veeram and Mahimani are in different rows but not in Row2 and both S and D are in the same categories. Pulkani and Charlu are in the same row and in same categories, but not in S and D. Shayani and Pratik are in different rows but not in Row1 and in different categories but not in both S and D. Shivani is in Row2 and Shayani is not in the same row as in Shivani. Both the contestants of Row 2 are singers. Rahul is in both S and D category and not in Row 1. From three contestants who are in both S and D category, two are in R3. Rahul and Mahimani are in the same row and three of the contestants are in dancing.

157. Who is sitting in Row 1?

- (a)Shivani (b)Veeram (c)Mahimani (d)Shayani
(e)Pratik

158. Who is sitting in Row 2?

- (a)Shivani (b)Veeram (c)Mahimani (d)Shayani
(e)Charlu

159. Who is sitting in Row 3?

- (a)Shivani (b)Veeram (c)Mahimani (d)Pratik
(e)Charlu

54)Directions(160-162): Study the following information carefully to answer the given questions:

Peter, Quber, Rasne, Simson, Tiger ,Vivan and Wicky are sitting in a straight line facing north. Each of them live on a different floor in the same building, which is numbered from 1 to 7.

Quber sits fourth to the left of the person living on the 6th floor. Either Quber or the person living on the 6th floor sits at the extreme at ends of the line.

Only one person sits between Quber and Wicky. Wicky lives on the 3rd floor. The person living on 1st floor sits third to right of Simson. Simson is not an immediate neighbour of Wicky. Only one person lives between Tiger and the person who lives on the second floor. Peter and Ranseare immediate neighbours of each other. Peter does not live on the 6th floor. One who lives on 5th floor sits third to right of the one who lives on the 7th floor.

160.Who amongst the following lives on the 4th floor?

- (a) Peter (b) Quber (c) Ranse (d) Simson
(e) Vivan

161. On which of the following floors does Tiger live?

- (a) 1st (b) 2nd (c) 5th (d) 6th
(e) 7th

162. How many floors are there between the floors on which Vivan and Peter live?

- (a) One (b) Five (c) Six (d) Four
(e) None of these

55)Directions(163-165): Study the following information carefully to answer the given questions:

A,D,G, M, H, P and S are seven persons who travel to office everyday by Virar last local train which stops at live stations - Borivali, Malad, Andheri, Dadar and Church Gate respectively after it leaves the base station i.e. Virar. Three among them get in at the base station. H gets down at the next station at which P gets down. D does not get down with either A or M. S alone gets in at Andheri station and gets down with G after one station. A travels between only two stations and gets down at Church Gate station. None of them gets in at Malad station. G gets in only with P but does not get in with either D or H. M gets in with two others and gets down alone after H. D and H work in the same office and get down together at Andheri station. None of them gets down at Borivali station.

163. Who is gets in Dadar Station?

- (a) A (b) D (c) G (d) M
(e) H

164. Who is gets down Malad Station?

- (a) A (b) D (c) G (d) P
(e) H

165. Who is gets in Borivali Station?

- (a) A (b) D (c) M (d) G
(e) H

56)Directions(166-168): Study the following information carefully to answer the given questions:

Seven neighbours M, T, C, L, S, Al and R all are living in a building on ground floor, 1st, 2nd, 3rd, 4th, 5th and 6th floor, All are going outside from the building in a week i.e., Sun, Mon, Tues, Wed, Thur, Fri and Sat (Not necessarily in the same order). Only one person goes outside from the building in a day, S lives on second floor and goes outside on Tues. T and C are not the neighbours of S and go outside on Fri and Thurs respectively. M lives on 6th floor and goes outside on Sat, Two persons live between the floor of C and Al. R is the neighbour of Al and lives on ground floor and goes outside on Sun. C lives just below T's floor. L does not go outside on Mon.

166. C lives on which floor?

- (a) 2nd floor (b) 5th floor (c) 6th floor
(d) 4th floor (e) None of these

167. Al goes outside on which day?

- (a) Monday (b) Sunday (c) Tuesday
(d) Wednesday (e) None of these

168. Who of the following is the neighbour of L?

- (a) T (b) M (c) S
(d) Al (e) None of these

57)Directions(169-171): Study the following information carefully to answer the given questions:

A,B, D, Kand M are studying in five different Business Schools. Each of them is going to a different city by Duronto Express to participate in five different competitions. In the train food is served. The person who takes vegetarian food is the person participating in quiz. All the other four persons have non vegetarian food. — the four persons who had non vegetarian food were – A, the person studying in IIM, the person who was going to Pune and the person who was going to participate in B plan competition. K did not have vegetarian food and she had to go to Mumbai. K was not studying in IIM. B was going to Ahmedabad. He did not have vegetarian food. M was not participating in Debate, Paper presentation or Ad-Mad competition. But the person who was travelling to Bangalore was participating in Debate competition and the person studying in FMS was going to participate in Ad-Mad competition. K was not studying in XLRI. The person studying in XLRI had non vegetarian food. The person studying in IIFT was not travelling to Delhi. One of the students was from MDI.

169.Who is studying in IIM?

- (a) A (b) B (c) D
(d) K (e) None of these

170. Who does take Vegetarian food?

- (a) A (b) B (c) M
(d) K (e) None of these

171. Who is going to participate in Ad-Mad competition?

- (a) A (b) B (c) D
(d) K (e) None of these

58)Directions(172-174): Study the following information carefully to answer the given questions:

Six friends gentlemanAryan, gentlemanRahul,gentlemanMayank,gentlemanHarman, gentlemanParitosh andgentleman Mandeep married in different hotels viz.. Trident Hotels, Oberoi Hotel, Ashoka Hotel, Taj Hotel, Le Meridian and ITC Maurya and all the grooms gifted different cars to their respective brides viz. Duster, Fortuner, Swift,i20, Wagon R and i10 but not necessarily in the same order. The brides' names were Simran, Harpreet, Vrinda, Priyanka, Gunjan and Aishwaryaonce again not following any order. The following are some facts about their weddings. GentlemanMayank gifted His wife Swift on their wedding, however he was not married to Simran or Aishwarya. Gentleman Aryan gifted his wife Duster and Paritosh gifted i20 to his wife. However neither of them was married to Harpreet or Priyanka. The bride who was gifted i10 got married in Trident Hotels. Vrinda's wedding took place in Oberoi Hotel, but she was not gifted Duster. Simran and Gunjan got married in Trident Hotels and Le Meridian and own Swift and i10 but not necessarily following the above mentioned order. Gentleman Harman did not gift Fortuner or i10 to his wife and was married in ITC Maurya. GentlemanMandeep was married to Harpreet in Taj Hotel.

172.Who is the wife of Mandeep?

- (a) Simran (b) Harpreet (c) Vrinda
(d) Priyanka (e) None of these

173. Who is the wife of Aryan?

- (a) Simran (b) Harpreet (c) Aishwarya
(d) Priyanka (e) None of these

174. Who is the wife of Rahul?

- (a) Simran (b) Harpreet (c) Vrinda
(d) Priyanka (e) None of these

59) Directions(175-177): Study the following information carefully to answer the given questions:

Ali, Babita, Crook, Damini, Emran, Falguni, Ganesh and Himani are eight family members sitting around a circular table, facing the centre, but not necessarily in the same order. Each member likes a different genre of music viz. Rock, Metal, House, Jazz, Pop, Trance, R&B, and Folk, but not necessarily in the same order. Ali is the head of the family and sits third to the left of wife Babita. Ganesh has two sisters and sits second to the right of his grandfather, who likes listening to Rock. Damini sits on the immediate left of her brother, who sits in front of his father. Falguni sits between the person who like Metal and the person who like Jazz. Her favourite music genre is Pop. Babita has two sons and one of the son's like Jazz. Himani sits in front of her mother-in-law who likes Folk music. Emran's son likes R&B. Crook and his sister-in-law like Jazz and House respectively.

175. Who likes Jazz Music?

- (a) Ali (b) Babita (c) Crook
(d) Damini (e) None of these

176. Who likes Pop Music?

- (a) Ali (b) Falguni (c) Crook
(d) Damini (e) None of these

177. Who likes R&B Music?

- (a) Ali (b) Babita (c) Crook
(d) Ganesh (e) None of these

60) Directions(178-180): Study the following information carefully to answer the given questions:

Seven friends namely Malvika, Namita, Ora, Parinita, Quora, Ranse and Savita attend different language classes namely, French, English, Spanish, Sanskrit, Chinese, German, and Japanese not necessarily in the same order, from Monday to Sunday (of the same week)

Malvika attends a class On Friday. Only two people attend classes between Malvika and the one who is learning Sanskrit. Ranse attends a class immediately before Parinita. Neither Ranse nor Parinita is learning Sanskrit. Only one person attends a class between Ranse and the one who is learning Spanish. The one who is learning Spanish does not have a class on Monday. Namita attends a class immediately before the one who is learning French. Malvika is not learning French. Only one person has a class between Ranse and Quora. Ora is learning German. Only two people have classes between Ora and the one who is learning Chinese. Quora is not learning Japanese.

178. Which of the following languages is Quora learning?

- (a) Other than those given as options (b) Chinese (c) English
(d) Spanish (e) Sanskrit

179. Four of the following five form a group as per the given arrangement. Which of the following does not belong to that group?

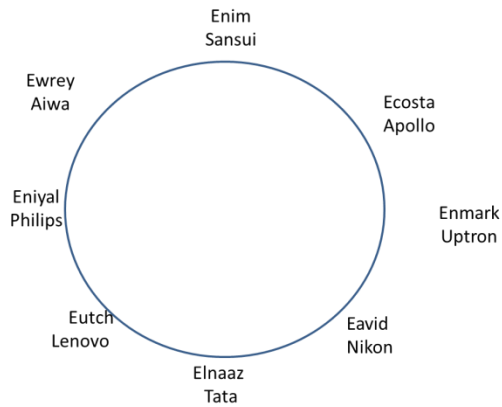

- (a) Quora-Tuesday (b) Namita-Thursday (c) Savita-Sunday
(d) Malvika-Saturday (e) Parinita-Friday

180. On which of the following days does Parinita have a class?

- (a) Monday (b) Thursday (c) Wednesday
(d) Tuesday (e) Sunday

Solutions

1)Solutions(1-3):

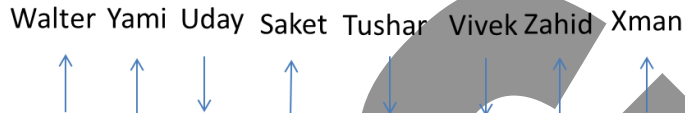

1. (a) Enim

2.(d) Elnaaz

3. (b) Eniyal

2)Solutions(4-6):

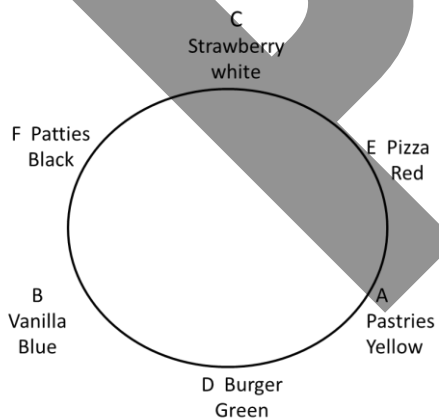

4.(d) Yami, Zahid

5.(e) Two

6.(b) Vivek

3)Solutions(7- 9):

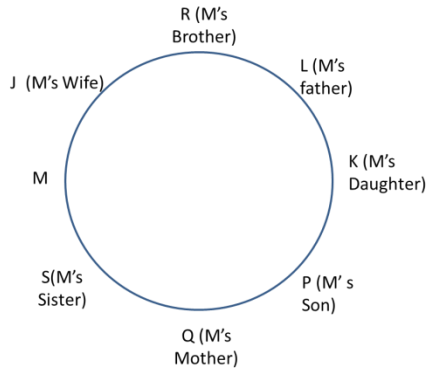

7.(c) Calender

8.(d) Yellow

9.(a) Arrow

Pankaj Gandhi's Academy

4)Solutions(10-12):
